DIN HM 80030317

REFLUX

GASTRO-OESOPHAGEAL REFLUX,
DIGESTIVE DISORDERS ASSOCIATED WITH MILK INTOLERANCE

COMPOSITION :

Medicinal ingredients	Properties of each ingredient
Aethusa cynapium 6CH	Acute milk intolerance in infants, early or late vomiting. Refuses to drink.
Antimonium crudum 6CH	Abundant vomiting after a big meal. Eructation, distaste for food.
Asa foetida 6CH	Esophageal spasm inhibiting swallowing. Regurgitations, difficult burping, flatulence. Spasms.
Magnesia carbonica 6CH	Milk intolerance: diarrhea, vomiting. Gastralgia, colic.
Valeriana officinalis 3DH	Esophageal and digestive spasms. Curdled milk vomiting in agitated infants.

Non medicinal ingredients:

Purified water, sorbitol, glycerin, sodium benzoate, potassium sorbate, citric acid.

Indications:

KIDZ REFLUX oral solution is a homeopathic medicine traditionally used for gastroesophageal reflux, regurgitation; relieve symptoms such as vomiting; alleviate digestive disorders associated with milk intolerance; for the reflex vomiting, for gastritis.

Dosage:

To be taken orally.

To be taken 15 minutes before meal.

– Newborn 1 – 6 months : 5 drops, 4 to 5 times a daily.

– Children 7 months and older: 5 to 10 drops, 4 to 5 times a daily.

To be taken directly under the tongue with the dropper or to melt

with some water before drinking.

Caution:

Consult a health care practitioner if symptoms persist, get worse or are accompanied by fever. Make sure that there is no mechanical cause of regurgitation (hiatal hernia).

Incompatibility with other medicine:

No known incompatibility with other medicines.
